Subject: RE: Westlake Landfill, MOD079900932,

The Bridgeton Sanitary Landfill is part of Operable Unit 2 of the West Lake Landfill Superfund site. Thus, it has the same SSID and CERCLIS ID number.

Teri,
Do you know if Bridgeton Landfill is going to be assigned a SSID?

Dan,
I cc'd you just in case you may know the answer to this questions.

Subject: Westlake Landfill, MOD079900932

Julius,

Our Western Division, which handles region 7 has asked the out team to add a cost recovery number and site for Bridgeton Landfill, 13570 St Charles Rd, Bridgeton, MO. I searched Envirofacts, and located Westlake Landfill at the same address with CERCLIS No. MOD079900932. Then in our systems the SSID for Westlake is 0714. Our folks have let me know that Westlake and Bridgeton are separate and are located next to one another.

Has EPA established a separate SSID for "Bridgeton Landfill"
